Masters in Computer Science

Salford University | 2014-2016
123 Anywhere St., Any City

ABOUT ME

I am a passionate and dedicated student of Software Engineering at SMK Taruna Bhakti, specializing in full-stack web development and UI/UX design. With hands-on experience in both frontend and backend development, I enjoy creating functional, user-friendly, and visually engaging applications.

EXPERIENCE

Software Projects – Student Developer

SMK Taruna Bhakti | Software Engineering Department

2022 – 2025

- SISFO SARPRAS (Infrastructure Information System)
- Developed a full-featured information system using Laravel, Flutter, and MySQL. Contributed to both frontend and backend, including user authentication, asset tracking, and responsive mobile interfaces.
- Class Portfolio Platform
- Built a dynamic class portfolio website using Next.js and Supabase. Focused on UI/UX design and frontend integration, ensuring a clean, responsive, and user-friendly experience for showcasing student work.
- Social Media Platform (Mini Project)
- Created a simple social media platform using Laravel and MySQL, implementing features such as user posts, likes, and comments. Managed backend logic and designed clean user interfaces.
